Melissa Giardina, Jean Vanier C.S.S., Milton, ON
Conrad Hewitt, University of Waterloo, Waterloo, ON
Steve Lau, Tara, ON
Carol Miron, North Toronto C.I., Toronto, ON
Martin Tuchtie, Fenelon Falls S.S., Fenelon Falls, ON

Our congratulations go to all who participated in this year's Pascal, Cayley and Fermat Contests. This year's Contests were great successes, with averages of 101.97, 99.19 and 97.26 across the three Contests. The number of eligible contestants with perfect papers on the three Contests were 105, 39 and 26. There was a mistake in Problem 25 on this year's Pascal Contest, and so every student was given credit for this problem. You will see that the results for this question are removed throughout this report.

As always, we would like to thank the hard-working Problems Committees. Most of the members of these Committees are active secondary school teachers from across Canada who volunteers their time and contribute dozens of hours of expertise. Without their intriguing and sometimes amusing problems, these Contests would not be possible.

We would also like to thank all participants, both teachers and students. This year's contests were written under a variety of different situations, in many cases supervised by parents and guardians who wanted to ensure that students around the world had the ability to participate despite the continuing challenges of the global pandemic. Teachers deserve extra appreciation for coordinating students both in their schools and writing remotely – no easy task! Despite the circumstances, we hope that the papers provided you with some interesting mathematics to think about and play with. Thank you for your support! Please continue to encourage your colleagues and fellow students to become involved in our activities.

Nos félicitations vont à tous les participants du Concours Pascal, Cayley et Fermat de cette année. Les Concours de cette année retentissaient de succès, avec des moyennes de 101,97, 99,19 et 97,26 à travers les trois Concours. Le nombre de candidats éligibles possédant un concours parfait était de 105, 39 et 26. Une erreur s'est glissée dans le problème 25 du concours Pascal de cette année. Tous les élèves ont donc reçu les points pour ce problème. Vous verrez que les résultats pour cette question ont été supprimés de ce rapport.

Nous aimerions surtout remercier les Comités de problèmes pour leur dur travail. La plupart des membres de ces Comités sont des enseignant(e)s d'école secondaire actifs d'un bout à l'autre du Canada qui offre leur temps et contribuent des douzaines d'heures d'expertise. Sans leurs problèmes perspicaces et amusants, ces Concours ne seraient pas possibles.

Nous aimerions remercier aussi tous les participants incluant les enseignants et les étudiants. Les concours de cette année ont été rédigés dans des situations très diverses, souvent sous la supervision de parents, tuteurs et tutrices qui voulaient s'assurer que les élèves du monde entier puissent participer malgré les difficultés persistantes de la pandémie mondiale. Les enseignantes et les enseignants méritent une reconnaissance particulière pour avoir coordonné les élèves à la fois dans leurs écoles et à distance – ce qui n'est pas une tâche facile ! Malgré les circonstances, nous espérons que ces concours ont fourni des mathématiques intéressantes qui vous ont amusés et poussés à réfléchir. Merci pour votre soutien continué!
