3-DAY ANNUAL SUMMER CONFERENCE for GRADE 7 and 8 TEACHERS of MATHEMATICS

The CEMC at the University of Waterloo provides professional development opportunities for mathematics teachers. Our programs respond to the need for practical and enrichment information that can be implemented immediately in the classroom.

Problem solving forms the basis of effective mathematics programs. The sessions on curriculum will focus on problem solving. This conference will increase your tools and skills and enhance your teaching of mathematics.

While the curriculum sessions are directed specifically at teachers from Ontario, teachers from any province or country will benefit. Teachers should have some previous teaching experience in an elementary or high school.

Whatever your personal, professional or mathematical goals, our conference can give you the edge you want.

Tuesday, August 25 to Thursday August 27, 2015
(Limited enrolment so it is better to register early)

Participant cost of $150 includes accommodation, meals and conference materials
Participation is restricted to two teachers per school

Accommodation in a dormitory room is provided at no additional cost, if needed
