

Problem of the Week

Problem D

The Standings

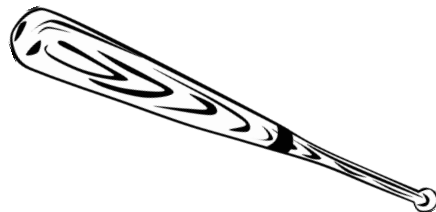

In a four team softball league, each team has played every other team 4 times.

Each team earned 3 points for a win, 1 point for a tie and no points for a loss.

The total accumulated points were:

Lions	22
Tigers	19
Mounties	14
Royals	12

How many games ended in a win and how many games ended in a tie?
