The Centre for Education in Mathematics and Computing is proud to once again be the major sponsor of the Canadian Mathematics Competition this year. The year 2006 marks the 44th year of Contests produced by the Canadian Mathematics Competition.

Our congratulations go to all who participated in this year's Pascal, Cayley and Fermat Contests. This year's Contests were resounding successes, with average of 95.9, 95.9 and 91.4 across the three Contests. The number of students with perfect papers on the three Contests were 23, 3 and 8. We are very pleased with these results. The overall number of students writing this year's papers showed a small increase over that from 2005. There was a healthy increase in International participation this year as well as some very strong results from International schools.

We would like to especially thank the hard-working Problems Committees. Without their insightful and entertaining problems, these Contests would not be possible.

We would also like to thank all participants, both teachers and students. We hope that the papers provided you with some interesting mathematics to think about and play with. Thank you for your continued support!

Lastly, we would like to apologize for the initial difficulties we have had this year in providing results. We will soon be undertaking a major review of our marking process to attempt to vastly improve upon this part of our activities for future years. Again, our apologies.

Le Centre d'éducation en mathématiques et en informatique à encore une fois le plaisir d'être un majeur supporter du Concours canadien de mathématiques. L'année 2006 marque la 44e année de concours produit par le Concours canadien de mathématiques.

Nos félicitations vont à tous les participants du Concours Pascal, Cayley et Fermat de cette année. Les Concours de cette année retentissaient de succès, avec des moyennes de 95,9, 95,9 et 91,4 à travers les trois Concours. Le nombre d'étudiants possédant un concours parfait était de 23, 3 et 8. Nous sommes satisfait de ces résultats. L'ensemble du nombre de participants cette année a montré une petite augmentation comparée à 2005. Il y avait une bonne augmentation dans la participation internationale cette année, de même que quelques résultats très élevés des écoles internationales.

Nous aimerions surtout remercier les Comités de problèmes pour leur dur travail. Sans leurs problèmes per-spicaces et amusants, ces Concours ne seraient pas possibles.

Nous aimerions remercier aussi tous les participants incluant les enseignants et les étudiants. Nous espérons que les concours vous ont offert des mathématiques intéressantes qui vous ont amusées et portées à réfléchir. Merci pour votre soutien continue!

Dernièrement, nous aimerions nous excuser des difficultés initiales que nous avons eu cette année à vous fournir les résultats. Nous entreprendrons bientôt une revue majeure de notre procédé de correction pour tenter largement d'améliorer cette partie de nos activités pour les années futures. Encore, nos excuses.
