Overall Comments

The Grade 7 and Grade 8 Gauss Contests are the first two in a series of mathematics contests created and administered by the Centre for Education in Mathematics and Computing. The summary of results found in these pages is compiled from voluntarily submitted reporting forms and from student data from online participation. The average mark on the Grade 7 Gauss Contest was 88.3 in 2025, while the average mark on the Grade 8 Contest was 89.2.

The primary goals of the Gauss Contests are to provide a fun activity which also challenges students, and gives teachers an opportunity to work with their students on a mathematical activity outside the normal classroom. Congratulations to all participants, and especially to those named in this report. We look forward to your names, and others, appearing in future lists of participants.

Commentaires généraux

Les concours Gauss de 7^e et 8^e année (Sec. I et II) sont les deux premiers concours d'une série de concours de mathématiques créées et administrées par le Centre d'éducation en mathématiques et en informatique. Le sommaire des résultats, trouvé dans ces pages, est compilé de formulaires de rapport de résultats volontairement soumis et de données sur les élèves provenant de la participation en ligne. La note moyenne sur le Concours de Gauss de 7^e année était 88,3 en 2025, pendant que la note moyenne du Concours de 8^e année était 89,2.

Le but primaire des concours Gauss est de donner une activité amusante mais, qui défie aussi les étudiants et permet aux enseignants de travailler avec leurs étudiants sur une activité mathématique hors de la salle de classe. Félicitation à tous les participants, et surtout à ceux nommé dans ce rapport. Nous avons hâte de voir vos noms et ceux de d'autres étudiants, apparaître dans les listes futures de participants.
